Such loan payments will commence immediately and will terminate with the determination of the officer. In the event of acceptance of the claim, the employee or relief firefighter will insure that the Workers' Compensation funds in respect of the processing period are directed first to the City in repayment of the total loan extended to the individual. In the event the claim is denied, the loan remains repayable by the employee or relief firefighter upon such terms as may be privately arranged between him/her and the City, but if no suitable arrangements are made for repayment of the loan, then the City may deduct from wages or monies owing by the City to the employee or relief firefighter, such sums as are necessary to ensure repayment within 60 days. Workers' Compensation cheques issued by the Workers' Compensation Commission for compensation payment must be submitted to the Payroll Supervisor until the loan is repaid.

The Union Bargaining Committee will consist of up to four (4) named members of the IAFF, Local 1222 bargaining unit who must be employed with the City during bargaining (the Union Bargaining Committee). The Union shall name three (3) of the Union Bargaining Committee as the named members. No more than two (2) members of the Union Bargaining Committee shall be from the same shift, unless after notification of the bargaining team's names, more than two (2) are placed on the same shift by operation agreement or by the Chief for operational reasons.

The Union Bargaining Committee may have the assistance at any time of national officials of the IAFF, or other resource persons, to assist them in bargaining. Although both Bargaining Committees may allow resource persons to join them at the bargaining table for advice and counsel, it is understood that only the chief negotiators for both parties shall have the ability to create a tentative agreement on any single issue.

B. Function

All matters pertaining to collective bargaining may be dealt with by the Union Bargaining Committee and the Employer's Bargaining Committee during the collective bargaining period under the collective agreement, or, in default, pursuant to legislation.

C. Scheduling of Bargaining Meetings and Union Committee Members Time Off

The parties will endeavour to hold all bargaining meetings during regular business hours 9:00 a.m. – 6:00 p.m., but, it is recognized that bargaining is not always capable of defined hours and the parties will remain flexible in their attempts to reach agreement. Up to three (3) named members on the Union Bargaining Committee shall not lose regular straight time pay and/or accrued time for benefits including vacation, sick leave, or standby pay for shifts ordinarily scheduled that are lost on days bargaining sessions occur as provided for below.

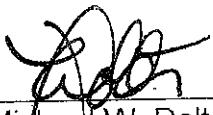

The City may schedule members of the Union Negotiating Committee so as to minimize situations of lost shifts where a shift begins in the 24-hour period, 6.00 p.m. to 6 p.m. commencing on the day prior to each bargaining session and on each day bargaining continues thereafter. Where same is not achieved, or when bargaining occurs on a scheduled shift, up to three (3) named members of the Union Bargaining Committee will not suffer loss of regular straight time pay and/or accrued time for benefits for lost shifts.

One (1) additional member of the Bargaining Committee above three (3) named members shall, where required, be entitled to the same benefit, except that the compensation shall be deducted from the paid days provided for in Article 13:02 where there are more than two (2) members of the named Union Bargaining Committee subject to payment under this memorandum. In the event two (2) or less named members of the Union Negotiating Committee are paid and the fourth (4th) member loses a shift, he/she will be paid without deduction from days provided for in 13.02.

For clarification, for each lost shift a named member receives pay or benefits, such pay will count for purposes of application of the above provisions, only in respect of the negotiating day that first triggered the payment. It being understood that in no case will a member of the Union Negotiating committee be paid more than once for each lost shift.

LETTER OF INTERPRETATION INTENT
SICK LEAVE/WORKERS' COMPENSATION
Clauses 10:04 (c) (6) and 11:01

February 15, 2012

Mr. Peter Daniels, President
IAFF Local 1222
City of Corner Brook

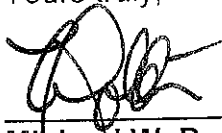

Re: Clause 10:04 (c) (6) and 11:01

The following principles apply to the interpretation of clause 10:04 (c) (6) and 11:01:

1. Sick leave will not be available to employees who are injured at work and claim Workers' Compensation.
2. Article 11:01 is designed to bridge income while awaiting an initial determination of a Workers' Compensation claim. Sick leave credits may be used to repay the loan if the Workers' Compensation claim is denied, but the credits must subsequently be reinstated should Workers' Compensation benefit be given on review or appeal covering the period covered by the credits used. The employee would use the Compensation payment to purchase the sick leave credits.
3. Available sick leave benefits may be used until Long Term Disability (LTD) elimination period of seventeen (17) weeks has been met. Any period for which sick benefits were used but are afterward covered by LTD carrier, the employee must reinstate those benefits by purchasing them from the employer. If Long Term Disability being denied following the seventeen (17) week elimination period, no sick leave benefits are payable.
4. Sick leave benefits are available to employees injured other than at work (as above noted) but where an employee recovers lost wages from third parties in respect of a period for which sickness benefits were used, the employee must reinstate those benefits by purchasing them from the employer.

We trust this reflects our discussion at bargaining.

Yours truly,

Michael W. Dolter, MBA, CMA
Chief Administrative Officer

Peter Daniels
President IAFF 1222

LETTER OF INTERPRETATION
(Clause 29.01.02)

February 15, 2012

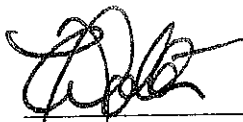

As a result of earlier agreements, the size of each platoon of permanent full time employees was reduced to ten (10).

Out of each platoon of ten (10), two (2) will be scheduled per the agreement and practice for annual leave. Eight (8) including the dispatcher are then available to respond. A minimum of seven (7), excluding the dispatcher, are then available to respond.

If the dispatcher is not required to respond, two (2) are on annual leave and one (1) or more are off duty for any reason, the City pursuant to 29.01.02 will call-in to ensure that a minimum of seven (7) can respond.

In other situations, the minimum of seven (7) firefighters available to respond will be maintained, but such minimum will not preclude a larger response team.

Yours truly,

Michael W. Dolter, MBA, CMA
Chief Administrative Officer

MEMORANDUM OF UNDERSTANDING

Seniority List

Re: Seniority List - Clause 15.05

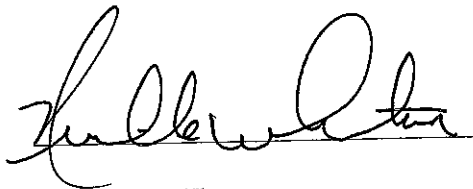

I have considered your request regarding the posting of the 2007 Seniority List and offer the following as a compromise.

The current collective agreement has accommodation for the publishing of a Seniority List in January of the current year. There are clauses within the collective agreement governing the issuing of the list and the process to contest an individual's ranking on it.

I understand the rationale behind publishing new lists as personnel are added or removed but also feel that the re-issuance, during the year could cause administrative problems; with the collective agreement and the process to contest the contents.

If we continue with the collective agreement and publish the official seniority list in January, with its normal allowable period to query the contents, and issue "unofficial" lists as situations warrant, it may satisfy the concerns of all groups involved. Placement on the unofficial list will not be the governing factor as only the January list will be used for any transactions where the list plays a determining factor. Any person inadvertently placed on the unofficial list will still be afforded the right to contest their ranking when the official list is issued in the following January. This will allow the list to be updated throughout the year without the possibly accompanying administrative workload.

Please inform me if you feel this is a workable solution by signing a copy of this.
