**The Tender Documents have been prepared for use with and require being read in conjunction with the Municipal Water, Sewer and Roads Master Construction Specifications. Latest revision, as published by the Province of Newfoundland and Labrador. This publication is available on the department's web site under publications at the following link: <http://www.mae.gov.nl.ca/publications/index.html>.**

Phase 1 of this project will consist of the rehabilitation of the existing concrete box culvert located on St. Mary’s Brook at Curling Street. The work will include for but may not be limited to the supply and placement of concrete curbs and footings along the length of the existing 39-meter-long culvert in addition to the supply and placement of a rockfill bottom liner. Work will also include for the removal of one wing wall and replacement with a concrete gravity stone wing wall complete with minor site works.

Procurement is subject to trade agreements, if applicable.

A bid security of 10% will be required.

The owner does not bind itself to accept the lowest or any tender for the project.
