

**CITY OF CORNER BROOK  
CAREER OPPORTUNITY**

**CAD Technician I  
(Temporary/Seasonal)**

---

The City of Corner Brook is presently accepting applications for the seasonal position of **CAD Technician I** with the Operational Services Department (Engineering Division). This position will report to the Engineering Technician and will be responsible for ensuring that all general office duties relating to drafting requirements are properly carried out.

**Duties and responsibilities:** Major duties will include preparing construction and as-built drawings and making amendments to drawings and maps through the use of computer aided drafting (Auto Cad); calculating and plotting data gathered from field notes and preparing contract documents and drawings. Provide blueprint services to various departments throughout the City's operation.

**Qualifications:** Successful completion of a technical course that includes extensive training in the use of Auto Cad (Automated Computer Aided Drafting). One year work experience in the use of Auto Cad and a valid driver's license would be required. A combination of experience and training may be considered.

**SALARY:** \$ 30,874 (probationary) - \$34,304 per annum  
**CLASSIFICATION:** C.U.P.E. Local 768; Grade L  
**CLOSING DATE:** Friday, June 27, 2014 (12:00 noon)  
**COMPETITION NO:** 2014 - 25

Please submit résumés **giving complete details of qualifications** on or before Friday, June 27, 2014 and forward to the Human Resources Officer, City of Corner Brook, P.O. Box 1080, Corner Brook, NL, A2H 6E1; Fax 709-637-1627; E-mail [hr@cornerbrook.com](mailto:hr@cornerbrook.com)

*The City of Corner Brook thanks all applicants for their interest; however, only those selected for an interview will be contacted*
